

# Cable Cubby F55 Edge

EDGE MOUNT CABLE ACCESS ENCLOSURE FOR  
AV CONNECTIVITY, CONTROL, AND POWER

The Extron **Cable Cubby F55 Edge** is an edge-mount cable access enclosure that integrates AV technology and power with your room's furniture. It is ideal for configurable rooms, including training rooms, meeting spaces, and classrooms. Cable Cubby F55 Edge lets you place semi-permanent AV connectivity, control, and power wherever you need it.

- ▶ Ideal for configurable rooms that require semi-permanent AV connectivity, control, and power
- ▶ Attaches to the furniture surface without cutting
- ▶ Integrated tool-less clamp system
- ▶ Accommodates a combination of full- and half-size Extron Flex55 and EU modules, and/or four Retractor Series cable retraction modules
- ▶ Two included Captive Cable Kits hold up to four AV cables
- ▶ Available in a black or aluminum finish

## DESCRIPTION

The Extron **Cable Cubby F55 Edge** is a cable access enclosure that mounts AV technology and power to your furniture's edge. It is ideal for configurable rooms that require semi-permanent AV connectivity, control, and power. The Cable Cubby® enclosure provides connectivity wherever you need it. An integrated clamp system secures the enclosure to furniture without requiring tools or cutting. It accommodates up to four full-size Extron Flex55 or EU modules such as EBP eBUS® button panels, DTP® transmitters, and other connectivity modules. Half-size to double-size modules can be integrated. The enclosure also supports four Extron Retractor or Retractor XL modules. Flex55 AC power outlets are available for the US, Europe, and other major world markets. The Cable Cubby F55 Edge is offered in a black or aluminum finish to match any decor.

## KEY FEATURES

- ▶ Flex55™ Series power modules are available with AC and/or USB outlets
- ▶ Optional Retractor Mounting Bracket kit holds one Retractor or Retractor XL cable retraction module; Part # 70-1354-02
- ▶ Optional ZipClip® Series and PMK 155 mounting kits easily secure Extron eighth- and quarter-rack width products such as PS Series Power Supplies to the Cable Cubby F55 Edge enclosure
- ▶ Cable Cubby F55 Edge enclosure has been evaluated for use with Extron UL-certified power modules
- ▶ CE compliant
- ▶ Cable Cubby Builder is available at [www.extron.com/cablecubbybuilder](http://www.extron.com/cablecubbybuilder)

## AC POWER MODULES

### Features

- ▶ AC power modules provide one AC outlet for US, Europe, and other major world markets
- ▶ USB power modules feature USB Type-A and/or USB-C outlets
- ▶ Flex55 AC+USB 130 US features USB-C and USB Type-A outlets, an unswitched US AC outlet, and a 9.5' (2.90-m) power cord with two 2' (0.61-m) AC outlet cables that deliver power
- ▶ USB-C supports transmission of 4K/60 video, audio, and 5 Gbps of data between devices, along with 60 W of power

## INTEGRATOR-FRIENDLY MODULAR DESIGN

### Modular design

Integrator-friendly quick assembly and configuration with snap-in Flex55 and/or EU modules.

### AV connectivity

Accommodates a combination of up to four full-size Extron AV, control, and/or Retractor modules

### Cable management

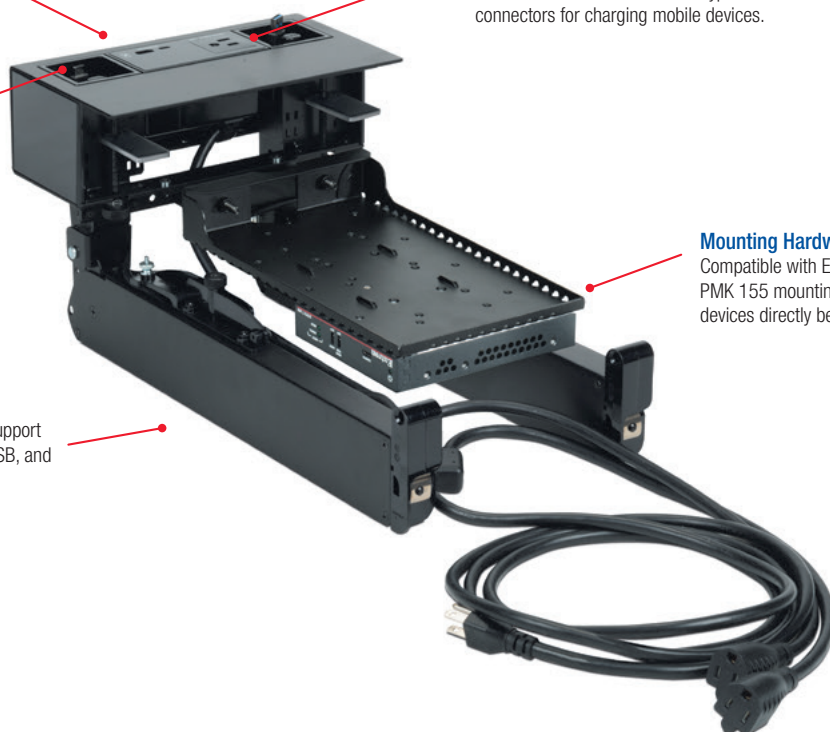

Choice of Retractor or Retractor XL modules support AV and data signals, including power, HDMI, USB, and USB-C in a vertical or horizontal orientation.

### Choice of AC and AC+USB Power Modules

Available for the US, Europe, and other major world markets. The AC+USB modules feature USB Type-A and/or USB Type-C power connectors for charging mobile devices.

### Mounting Hardware

Compatible with Extron ZipClip and PMK 155 mounting kits to securely mount devices directly beneath the enclosure.

# MOUNTING HARDWARE

## Features

- ▶ PMK 155 and ZipClip 100, ZipClip 200, and ZipClip 400 mounting kits easily secure Extron eighth- and quarter-rack width product such as PS Series Power Supplies

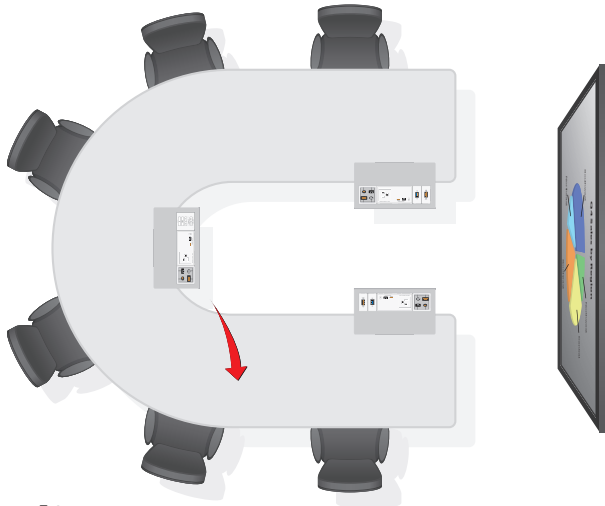

Optional PMK 155 with Extron device

Optional ZipClip 100 with Extron PS Power Supply

Model	Part Number
PMK 155	70-739-1x
ZipClip 100	101-002-01
ZipClip 200	101-001-01
ZipClip 400	101-031-02
