

Fusion® Manual Height Adjustable Stretch Portrait Stand **SKU: MFAUBSP**

This Fusion® AV stand incorporates rounded edges and sleek features to give a softer, professional feel while supporting stretch displays in portrait configuration. The height can be adjusted by one person via hand or 1/2" hex bit on a power drill.

Note: CPU holder accessories sold separately.

- Sleek look suitable for multiple environments
- Turn knob allows single user to easily adjust the screen height by hand or 1/2" hex drill bit to any height between 41.5 and 61.5 inches (106-156 cm)
- Flexible cable covers allow lay in access anywhere along column
- Centris Technology provides tilt and roll with use of knobs
- Portrait screen orientation if screen is at least 27" tall and has a 400 x 400mm mounting pattern or smaller
