

VPAUW Vertical and Portrait Projector Mount - White **SKU: VPAUW**

*Shown with column

Chief's VPAU enables projectors to be positioned in multiple orientations including popular vertical and portrait digital signage applications. A great solution for projectors that are equipped with multi-direction capabilities. Requires a column and ceiling adapter, ordered separately. See accessory tab on product pages for more.

- Independent roll, pitch and yaw for quick and precise projector registration
- Quick connect / disconnect for easy installation and servicing
- Maintains registration when disconnected and doesn't affect preset adjustments
- Solid steel construction
- Universal interface compatible with 6 projector attachment points
- Adjustable mounting legs and feet

Not compatible with other Chief projector interface brackets (SLB/SLM/SSB/SSM)
